# Anti-ageing & Skin Treatments

## LED Light Therapy

Known for its regenerating and anti-inflammatory properties, LED Light Therapy increases collagen production, destroys acne causing bacteria, reduces inflammation, improves skin tone, texture and clarity and eases muscular and joint pain. Unlike more invasive procedures, LED Phototherapy is a safe treatment option for all skin types without discomfort or downtime.

£40 per session - 45 mins

Can be added to any facial treatment for an additional £25

## Radio Frequency Skin Tightening

Restore skin firmness with this tightening and nourishing skin cell treatment. Excellent treatment for face and body.

An ideal way to tighten your skin. The non-invasive procedure creates a noticeably more youthful appearance ideal for early signs of loose or sagging skin on face, neck arms, stomach & legs.

Face - £80  
Face & Neck - £110  
Body Treatments - From £150

## Dermaplaning

Dermaplaning is a method of exfoliation that consists of using a medical scalpol to gently scrape off the top layer of dulling dead skin cells in order to reveal a smoother, brighter complexion.

£65

## IPL Skin Rejuvenation Treatments

An effective treatment for smoothing out the tone and texture of your skin. Ideal for treating rosacea, spider veins, age spots, sun damage/spots, and general skin tone irregularities.
